15. Multidisciplinary / interdisciplinary

As per National Education Policy 2020, NEP 2020 is being implemented from the Session 2023-2024 onwards starting with 1st Semester. Four Year Undergraduate Programme (FYUP) is being implemented as per the directives of the affiliating University which is North Eastern Hill University. Multidisciplinary approach is being followed under this NEP 2020. Students are now encouraged to take Multidisciplinary Courses like Mathematics, Computers, Earth Science, Life Science, National Cadet Corps etc. Emphasis is also being given for Skill Courses and Value Added Course under this NEP 2020. This are in addition to the Core subjects being offered as Major and Minor. The

link to the various documents are given in the link below:-

16.Academic bank of credits (ABC):

Tura Government College, Tura Meghalaya is an affiliated college of North Eastern Hill University (NEHU), Shillong. Since Tura Government College is an affiliated college, certificates such as Marksheets, degree certificates etc. is issued by NEHU. As Tura Government College, is an affiliated college, there is no option to register in Academic Banks of Credits (ABC). The Institution coordinator for implementation of NEP 2020, Tura Government College, has communicated with State Coordinator for NAD to register the institution in ABC. Although it cannot be registered, the affiliating university is registered under ABC and in due course of time the students of Tura Government College will be brought under ABC in line with the requirements of NEP 2020 so that proper credits are maintained. Recently, as a result of the implementation of NEP 2020 from the Academic Session 2023-2024, the college has now made registration of ABC mandatory for the newly admitted students and the coverage of registration is almost 100 percent as it has been made a requirement by the affiliating university. The college has a Nodal Officer appointed to facilitate the creation of ABC Id's for the admitted students.

17.Skill development:

With the implementation of National Educational Policy 2020, skill development is now emphasised. Subjects like Skill Enhancement Courses such as Motivation, Personality Development, Public Speaking etc. are being introduced in the first semester as per the directives of the affiliating University. More such courses will be offered in the upcoming semesters. The link to the various documents are given in the link below:- <https://tgctura.edu.in/national-education-policy-2020>

18.Appropriate integration of Indian Knowledge system (teaching in Indian Language, culture, using online course)

The college offers various Indian languages like Garo, Assamese and Bengali subjects in degree courses. Preservation and promoting of languages is one of the target of the College infuture. Assamese and Bengali Languages are already included under the 8th Schedule of the Constitution of India and efforts are on also to include the local vernacular language Garo in the 8th schedule of the Constitution of India. The link to the departmental webpage is given below:
<https://tgctura.edu.in/garo> <https://tgctura.edu.in/assamese>
<https://tgctura.edu.in/bengali>

19.Focus on Outcome based education (OBE):Focus on Outcome based education (OBE):

The College prepares students to acquire positive attitude and other qualities which will lead to a successful life. To interpret, analyze, evaluate and develop responsibility and effective citizenship is one of the programme outcomes of the students In line with the National Education Policy 2020, now OBE is clearly mentioned in each of the syllabus and the objectives will be achieved since the NEP 2020 is now implemented from 2023-2024 session ionwards The Syllabus and OBE's in each course is given below: Major and Minor Courses Other Courses like MDC, SEC, AEC & VAC

20.Distance education/online education:

The College will offer vocational course through ODL mode in due course of time. Keeping in view the convenience of the student, the various technological tools used by the faculties especially during the pandemic lockdown like Google Classroom, Zoom, Google Meet, using videos as teaching and learning aids, group collaboration, interaction and assignment and revision as well as the assessments have been conducted are some of the institutional efforts towards blended learning. As the College is preparing for the implementation of NEP, 2020 and to achieve GER of 50% in higher education by the year 2035, it can be mentioned that the GER of college is 0.58% in the year 2020 which is below the national average. So in order to overcome the challenges, the following Quality (GER Parameters) can be adopted: Participation in Subjects of Studies/Streams. Responsiveness of College to quality-enhancing processes. Participation in External Quality Assurance-NAAC Level of Financial support to Colleges Level of Financial Assistance for Faculty Development. Level of Research Assistance to Colleges. The College has the human and physical resources to enhance the Management Information System (MIS) through digital system for updating the quality development under the NEP, 2020.

CURRICULAR ASPECTS

1.1 - Curricular Planning and Implementation

1.1.1 - The Institution ensures effective curriculum delivery through a well planned and documented process

In order to ensure effective implementation and timely delivery of the curriculum as prescribed by the University, the institution has taken the following measures in a planned manner.

1. Syllabus of each subjects offered in the College has been uploaded in the College website and a copy is also made available to concern department.
2. Topic/unit contain in the syllabus is distributed among the teachers in the department (i.e Syllabus Distribution).This is documented by a well maintained teaching plans which is prepared by all the concern teachers and their delivery processes is being recorded in each teachers activity again through a well maintained daily reports. The teaching plans are uploaded in the College website and the daily report is submitted to IQAC.
3. Departmental time table is prepared by concern department based on the master time table and uploaded to college

website.

4. HODs of the concerned department oversee the implementation of the entire plan by holding departmental meetings at regular intervals, thereby reviewing the progress in implementation of the curriculum.

1.1.2 - The institution adheres to the academic calendar including for the conduct of Continuous Internal Evaluation (CIE)

Since the college is affiliated to North Eastern Hill University, the college follows the academic calendar of the University for undergraduate courses. The University has given a well-defined timeline for the completion of the courses, and it is mandated on the college to complete the syllabus in time for the end semester examinations. Since the University has given some flexibility in its approach for conduct of CIE, so the college through the respective department of the three stream have their separate routine to conduct IA and these IA are conducted in regular interval and these IA marks are finally submitted to the university on its demand, this earned marks finally are then reflected in their final markings by the university and the degrees are hence awarded at the completion of the course.

Beside IA, regular mentoring, continuous evaluation, seminar presentations, group discussions etc are also some of the methods adopted by the college to complement CIE on a daily basis by way of understanding their difficulties and weaknesses; these are addressed from time to time to iron out the difficulties.

2.2 - Catering to Student Diversity

2.2.1 - The institution assesses the learning levels of the students and organizes special Programmes for advanced learners and slow learners

Candidates for admission to the institution are picked and interviewed in accordance with the established standards and procedures. Students are initially evaluated based on their performance in the 10+2 board exam, as well as written examinations administered by various departments and in-person interviews to verify credentials and assess knowledge levels. Teachers can use a variety of strategies to keep track of both quick and slow learners. One method is to examine their 10+2 exam percentages, with the first and second divisions marked as advanced learners and the third division labelled as slow learners. Based on their results in the first internal test, students are also classified as slow or advanced. A range of issues, including social, economic, and financial ones, have been identified as contributing to pupils poor performance in special programmes for slow learners. Slow learners are given extra attention, as well as inspiration and encouragement to develop. Attendance at symposiums, workshops, and seminars is encouraged. Advanced pupils are encouraged to maintain their high performance levels. Seminars, presentations, film screenings, symposiums, soft skill programmes, field trips, excursions, and other extracurricular activities assist advanced students in meeting their educational requirements. Special workshops are also given

to assist students in improving their practical skills.

2.3 - Teaching- Learning Process

2.3.1 - Student centric methods, such as experiential learning, participative learning and problem solving methodologies are used for enhancing learning experiences

The faculty works hard to assist students in reaching their full potential and develop as leaders. The college emphasises student-centered approaches to enhancing students ; lifetime learning capacities. The professors work relentlessly to make learning more engaging. Students can engage in study tours, local field trips, exposure trips, numerous workshops and seminars, hands-on training, and other activities offered on and off campus to promote experiential learning. Experimental approaches are used in classes to familiarise pupils with information through direct experience. Group talks, role-playing exercises, and other activities are also encouraged for students. Departments organise student seminars that involve debates and question-and-answer sessions to enrich their learning experience. Students are also given projects that teach them problem-solving abilities. The lecture approach enables the teacher to interpret, examine, and explain the content of the material. This method makes extensive use of the white board and marker pen, which are used by all faculty members. In normal classes, the college advocates the use of LCD projectors. In seminars and workshops, faculty members employ a variety of ICT technologies to aid learning. Faculty members use LCD projectors for Power Point presentations of class lectures and discussions, whereas OHPs are used for slide

presentations.

2.3.2 - Teachers use ICT enabled tools for effective teaching-learning process. Write description in maximum of 200 words

ICT plays an important role in facilitating teaching and learning. It has altered classroom communication practises and instructional strategies. ICTs have made teaching and learning more interactive and collaborative, as opposed to the traditional teaching technique. It is commonly considered that incorporating ICT will help us make education more accessible and inexpensive. The growing importance of ICT in education makes education more democratic, improving the quality of education services available to students even in the most remote parts of the country. Teachers at Tura Government College aim to make the best use of technology in their classes. At the moment, four science departments have digitally enabled classrooms: physics, chemistry, botany, and zoology. To make the teaching-learning process more outcome-oriented and student-centric, the college encourages the use of ICT-enabled teaching, e-learning tools, and online courses. The institution also provides Wi-fi access to students in order to increase communication between teachers and students and to make it easier to give study materials required for the teaching learning process. The faculty members employ a number of tools for teaching and learning, including Google Classroom, Google Meet, Zoom meetings, WhatsApp, projectors, and other technologies. Reading materials, brief notes, pdf notes, and e-books are distributed by teachers via various media such as Google Classroom, E-Mail, and WhatsApp.

2.5 - Evaluation Process and Reforms

2.5.1 - Mechanism of internal assessment is transparent and robust in terms of frequency and mode. Write description within 200 words.

Students knowledge in many areas is assessed via internal and external examinations. Internal evaluation of student learning outcomes comprises an assessment of knowledge and skills, as well as progress towards curriculum objectives. Internal evaluation is a never-ending process. Faculty can identify slow and advanced learners based on their performance in internal exams, and students can be counselled to improve their performance. Internal assessment was added to the semester system in 2015, with a weighted of 25%. Dates and hours are determined using the Academic Calendar. As a North Eastern Hill University affiliate institution, the institute regularly assesses students' academic success using the North Eastern Hill University assessment method. Internal exams are worth 25 points, with 5 points deducted for promptness, sincerity, and task accomplishment. The subject controlling faculty creates internal exam questions that include an equal number of questions from each unit covering the full topic. There are departmental practical tests in the Science stream. Attendance and performance are two of the criteria used to

assess the practical exam. The findings of internal examinations are posted on the Departmental bulletin board and kept in softcopy for future reference.

2.5.2 - Mechanism to deal with internal examination related grievances is transparent, time- bound and efficient

Exams are a necessary aspect of the higher education process since they provide students with accurate grades. Tura Government College is associated with North Eastern Hill University, hence it follows the university's examination criteria. The two types of examination are internal evaluation and external or end-of-semester examination. Internal evaluation is weighted at 25%, while end-of-semester evaluation is weighted at 75%. The method for dealing with examination queries at our school is always transparent, time-bound, and efficient. Internal Assessment is a component of a larger ongoing evaluation system that includes class tests, tutorials, assignments, projects, and presentations. If a student is dissatisfied with the fairness of the evaluation, they will debate it with the course instructor and go over the response scripts to verify and justify their grades. It, like the semester examination, is straightforward, time-bound, and efficient. The Grievance Redressal Cell maintains a complaint/suggestion box for student grievances. If students find mistakes in their results, they can register a complaint with the Exam Committee, who will forward it to the Principal, who will then forward it to the University.

2.6 - Student Performance and Learning Outcomes

2.6.1 - Teachers and students are aware of the stated Programme and course outcomes of the Programmes offered by the institution.

Education quality enhancement refers to a student's overall

growth. This demands a diversified strategy to providing high-quality education and ensuring its effective implementation in a supportive atmosphere. Programme outcomes assist professors and students in building a shared understanding of a course's or academic program's purpose and aims. Tura Government College follows North Eastern Hill University's program-specific curriculum. For all programmes offered by the university, programme and course results are specified, exhibited, and communicated to teachers and students. The following are the programme outcomes:

- The B.Sc. programme develops the ability to examine results and apply them to a variety of challenges. Develop a research sense to predict cause-and-effect correlations.
- The Bachelor of Commerce degree is meant to prepare students for the workforce by teaching them various managerial and accounting skills that will aid them in their professional advancement. It also seeks to improve their capabilities in many areas of trade and industry.
- The Bachelor of Arts degree curriculum aims to foster students; social responsibility, high moral standards, and communication skills. Graduates will actively seek to make a meaningful contribution to their work, community, and society, and will have a strong foundation in professional ethics.

2.6.2 - Attainment of Programme outcomes and course outcomes are evaluated by the institution.

The course's conclusion is determined by the student's performance in the internal evaluation and final exam. The efficacy of a college in ensuring that students accomplish broad educational goals is measured in part by the annual learning outcomes evaluation process. To calculate the specific programme outcomes, the results of each course taken as part of a given programme are totalled up for one student, and the results of all programme participants are averaged. The admission of students to higher education institutions in India and overseas is used to assess

achievement in the graduate programme. Course outcomes are more detailed statements that describe what students should know and be able to do at the end of each course. They are the skills, information, and habits that students develop while enrolled in a course. Effective learning outcomes reflect the degree of precision, the number of correct answers, or some other type of quantitative information; in general, the standards define the level of study required for a student to be regarded acceptable. The institution evaluates programme, programme specific, and course outcomes using two methods: direct method and indirect method. Internal assessments, laboratory performance, project work and assignments, and end-of-semester exams are all part of the direct method. Indirect approaches include feedback, extracurricular activities, and higher education.

GOVERNANCE, LEADERSHIP AND MANAGEMENT

6.1 - Institutional Vision and Leadership

6.1.1 - The governance of the institution is reflective of and in tune with the vision and mission of the institution

Vision:

- Promoting value-based quality education with special emphasis on character building and leadership qualities.
- Incorporating NEP 2020 in order to update the system of Education in the state and the college in particular.
- Incorporating the State of Meghalaya Education Policy from time to time.

Mission

- Prepare students through education for productive lives and challenging careers.
- Encourage and nurture all students on value based education.
- Implement ICT facilities for meaningful knowledge transfer.
- To provide research facilities for Teacher's competence.
- To upgrade from UG to PG courses in the concerned department.

Tura Government College caters to the needs of the underprivileged students with value-based education being its prime objective. Being a Government run institution the plans and policies are implemented by the Principal, Academic Council consisting of Heads

of Department, faculty members and the students body. Various committees like the Examination, Admission, Purchase, Canteen, Vigilance and Discipline Committees contribute to the administrative management of the institution and at the top of the hierarchy we have the College Advisory Committee. The governance of the institution has a vision to launch Management System (MIS), like E-Library along with smart card facility as its features. The College is therefore committed to upgrade and digitalize the college.

6.1.2 - The effective leadership is visible in various institutional practices such as decentralization and participative management.

The Principal along with the faculty members and office staff works in tandem for the implementation of the plans and policy of the college. The IQAC works closely with the faculty members and plans out the best possible strategies for the college. The decision making process is done by the Heads of Departments along with the Principal. The faculties are involved in management of the college through different committees as Coordinators, Convenors and members of various committees.

Each Department are allotted separate departmental rooms and are also provided with laptop/desktop/printer for departmental work. Internal work of the departments like Internal Test and Assignments are managed by the department themselves. The departments are given some amount of autonomy in their day to day functioning: however they are expected to adhere to the guidelines of the affiliating university and college.

The College practises decentralisation and participative management by giving powers and functions to different committees such as:-

1. Admission Committee.
2. Examination Committee.
3. Library Committee.
4. Vigilance Committee (Anti-Ragging Cell).
5. Women's Cell Committee (Norombi Club).

6. Election Committee (for Tura Government College Students' Union election).
7. Meghalaya Government College Teachers Association (Tura Government College Unit).
8. Alumni Association.
9. Grievance Redressal Cell.
10. Counselling Cell.
11. Internal Quality Assurance Cell (IQAC).

6.2 - Strategy Development and Deployment

6.2.1 - The institutional Strategic/ perspective plan is effectively deployed

In the IQAC Meeting held on April 2016, a decision was taken for all the departments to conduct regular meetings. The minutes of the meetings are recorded and kept for future reference and to ensure transparency. In these meetings important decisions are taken and plans are chalked out for different activities concerning the department. Allotment of classes, departmental routine, internal test, assignments and various grievances of the students are discussed in order to find a solution. The discussions and resolutions taken in the department meetings are usually conveyed by the Head of Department to the Academic Council.

The institution strategic plan is evident from the role of IQAC in the context of NAAC assessment. There are policies pertaining to the Science, Arts, Geography, IT departments in which each department make a perspective plan to be implemented and followed by the teachers and students. The college also follows the policies adopted by the State Government.

6.2.2 - The functioning of the institutional bodies is effective and efficient as visible from policies, administrative setup, appointment and service rules, procedures, etc.

The college is under the Education Department which is headed by the Minister of Education, Government of Meghalaya. The Principal Secretary leads the Department with the Secretary under him and the Director of Higher & Technical Education. Under the Director, we have Additional Director, Joint Director, Deputy Director and the Principal. The Principal is the head of administration of the college assisted by the Vice Principal, IQAC, Teaching and non-teaching staff. TGCSU is a students body elected by the students for their own welfare. The Deputy Commissioner, West Garo Hills is the chairperson of the Advisory Committee and a Professor from the affiliating university and Officials from the Government departments are its members.

Recruitment: Teaching faculty is recruited by the state board (Meghalaya Public Service Commission), and the office staff is recruited by the District Selection Board.

Promotional policies: Promotion of teaching faculties is done through seniority basis by the Government. UGC rules and regulations are followed for promotion to higher stages.

The Meghalaya Higher & Technical Education Service rules 2012:

All employees follow the service rules of the Government of Meghalaya.

Grievance redressal mechanism: Students' grievances are addressed in the students' grievance cell.

6.3.5 - Institutions Performance Appraisal System for teaching and non- teaching staff

The performance appraisal system for the teaching staff is under the guidelines as per the UGC rules for those drawing UGC scales. All teachers fill up a comprehensive Self-Assessment Performa at the time of their promotion which are submitted to the Principal

who then forward them to concerned higher authorities. State scale drawing faculties are promoted to senior scale after eight years and then to the selection grade lecturer after another eight years as per the state government policy. The multi-faceted activities of a teacher are reflected in a consolidated manner in the form of Annual Confidential Report (ACR) for all the faculties and the office staffs which is required to be submitted to higher authorities.

Administrative staffs are promoted from 4th to 3rd grade departmentally by the Principal of the college according to their experience, subject to approval by Director, Higher and Technical Education.

INSTITUTIONAL VALUES AND BEST PRACTICES

7.1 - Institutional Values and Social Responsibilities

7.1.1 - Measures initiated by the Institution for the promotion of gender equity during the year

As per the UGC guidelines Section 3.2 (15), the institution has established a women's cell named "Norombi" to cater to the security and sound existence of the female students. Its aims and objectives are to address on gender related problems and issues, to conduct career guidance programmes and also to help prepare young women emotionally, physically and mentally enabling them to face challenges in the future. The cell plans to educate students and staff on gender equality, and promote understanding and action to address disparities. It ensures to organize health awareness and check-up camps to raise awareness about issues such as breast cancer, menstrual hygiene etc. The cell also aims to organize seminars and workshops to create awareness and orient students, teachers and staff.

Response:

- The college provides equal opportunities for learning without bias against any gender.
- Security measures are taken to ensure the safety of the students within the campus.
- CCTVs are installed.
- A Vigilance Committee and Grievances Redressal Committee are active catering to the all-round needs of the students whether educational or relating to their personal problems.
- Separate common rooms, restrooms and hostels are provided for the male and female students.

7.1.3 - Describe the facilities in the Institution for the management of the following types of degradable and non-degradable waste (within 200 words) Solid waste management Liquid waste management Biomedical waste management E-waste management Waste recycling system Hazardous chemicals and radioactive waste management

- In order to maintain cleanliness in the College campus, Teachers were given in-charge for supervising the overall cleanliness of the college along with sweeper/cleaners/Grade IV staffs.
- Dustbins are kept in every corner (important places) of the college building and around the campus so that litters and waste are not thrown carelessly.
- Dustbins are emptied by sweepers every alternate days to garbage trucks of Tura Municipal Board which in turn, transport it to the permanent dumping site at Rongkhon Songgital , Tura.
- The College does not use hazardous chemicals or material for teaching purposes. The liquid waste from the science labs were carefully washed with water before draining out to the

underground disposal pit so that it may not be hazardous to the environment and public health.

- As E-waste management is one of the greatest challenges the world today is facing and as such, the college gave special attention to it. Damaged electronic waste is kept in a store room so that some parts which can be reuse, resale, recycle, etc. are in safe custody.

Apart from these practices College does organize "Cleaning Drive" on regular basis with the volunteers from NCC, NSS to keep the campus clean and healthy.
